Council hopes changes satisfy Ministry

Anson, Hindon and Minden municipal council is considering changes to the proposed new zoning by-law which it hopes will satisfy the Ministry of Housing. It is hoped the changes will also

convince the Ministry officials to withdraw their objections, objections that appear to stymie the by-law when it comes before an Ontario Municipal Board for a hearing.

The main area of contention centres on the lack of restrictions in the by-law for permanent residential development in areas zoned R4 and R5. Members of the ministry met with a number of

property owners' associations October 13 to discuss the situation.

According to the ministry spokesmen, Phyllis Miller and Abe Syed, the ministry objects to the fact that there

are no restrictions on permanent development in R4 and R5 zones. The officials said they had not received enough material from the municipality indicating the implications of permanent development in these areas has been considered.

They pointed out that a number of potential problems must be assessed before permanent development be allowed to proceed in these zones. These matters include the current development pattern, the ease of providing services, environmental considerations of allowing permanent development and the financial implications.

R4 and R5 zones are used in the proposed zoning by-law for mainly lakefront and rural areas. The council initially designated any areas with a one quarter kilometre of a municipal road as R4 while those areas outside this arbitrary measure were R5. In many cases the R5 zones are served by private roads.

The discussion with the ministry personnel took most of two and a half hours during the morning session of the council and continued into the afternoon. The discussion ranged over a broad area covering the implications of the proposed by-law.

Property owners

Low McCorriston, the president of Soyers Lake Ratepayers Association, told the meeting that the present zoning by-law did permit permanent development in lakeshore areas. He noted that many individuals purchased property here with the intention of turning their 'cottages' into retirement homes. "Many of these so-called cottages have been built for year-round occupancy," he pointed out. "Changing the by-law at this point would be taking something away from the people which they now have." He said the ministry or the municipality had no right to impose such a change.

The ministry officials pointed out however, that studies to determine the carrying capacity of area lakes had not been completed and until they are, there will be no criteria for judging how many permanent homes or cottages should be allowed on any one lake.

McCorriston noted however that the provincial government has been working on the lakeshore capacity

study for five years. It was supposed to have been made public this year but has been delayed until 1983. "How can you expect a municipality to make an assessment of the environmental impact when all the resources of the province have been unable to come up with a conclusive answer," he commented.

The provincial spokesmen were repeatedly challenged by the property owners as to why permanent development could not proceed. "I am not against permanent development on area lakes," Miller stated. "We simply feel that the necessary studies have not been carried out to determine the impact."

What will the impact on the community be if permanent development is allowed to proceed in these areas? the ministry officials asked. "Prosperity" was the answer offered by a number of members of the audience.

City money

"Cottaging is big business in this area," McCorriston told the meeting. "Cottagers bring city dollars to Haliburton County and spend them here. The last thing anyone should be attempting to do is to turn off that influx of money." He suggested that increased permanent residency in the county would help to even the economic swings experienced from season to season. "Permanent development is a good and healthy thing for the area."

The ministry spokesmen maintained that additional studies would be needed before approval would be granted for permanent use in R5 areas.

In the end the council asked its consultant Tony Holmes to amend the proposed by-law so as to allow permanent residential development in the R4 zone if the property fronted on a publicly maintained road.

The R5 zoning would constitute limited zone area and would be for properties which do not front on a publicly maintained road.

The consultant was asked to prepare a cost estimate for these changes, alterations would have to be carried out to the maps which are part of the zoning by-law, and portions would have to be rewritten to incorporate the new provisions.

Holmes said the amend-
 (more on page 5)

Archie Stouffer Elementary School revised the student council format this year. The title prime minister replaces president and ministries have been established. From left to right are, Chris Davis, Craig Crowe, Lynn Bibby, Gord Wood, Christa Irwin, Jill Hamilton, Terri Anderson, Olga Kleihauer, Deneena Davis and teacher representative, Dale McConnell.

The race is on

Individuals seeking the position of reeve in the upcoming municipal election had a relatively easy time of it this year across Haliburton County. In six races out of 10 only one individual offered to stand for the office. So, when nominations closed Monday evening at 5 p.m. they were automatically acclaimed to the office.

While the Reeves of the county may have had it easy this year, those who aspired to positions of deputy reeve or councillor found there was more competition for the seats. Three races for deputy reeve were won by acclamation while only two council elections out of a possible 14 were filled by acclamation.

Only three elections will be held to fill the seats on the board of education for the next three years. All others were filled without opposition.

The following list outlines the candidates and the offices they are seeking in municipalities across Haliburton County and in three municipalities in northern Victoria County. The information in the brackets indicates the office currently held.

Anson, Hindon & Minden

Reeve

Lyle McKnight (councillor)
 Lloyd Walker (incumbent)

Deputy Reeve

Ed Pergolas (councillor)
 Doug Pritchard (incumbent)

Meet your candidates

A number of "meet the candidates" nights have been planned for the next couple of weeks. These sessions are designed to give voters an opportunity to assess the positions of the various candidates on important issues. Ratepayers are advised to take note of the following meetings and plan to attend.

Anson, Hindon and Minden: Tuesday, October 26, 7:30 p.m., at the Minden Community Centre.

Dysart et al: Monday, October 25, 7:30 p.m., at the Dysart arena, upstairs.

Monmouth: Thursday October 28, 7 p.m., at the Lloyd Watson Memorial Centre, Wilberforce.

Snowdon: Friday, October 22, 8 p.m., at the Gelert Community Centre.

Stanhope: Saturday, October 23, 8 p.m., at the Stanhope Firemen's Hall, North Shore Road.

Somerville: Friday October 22, 8 p.m., Burnt River Orange Hall; Saturday, October 23, 1:00 p.m., Kinmount Legion Hall; Monday, October 25, 8 p.m., at Baddow Community Centre.

Beaver Theatre MINDEN, ONT.

Confusion grows

The saga of Minden's amended zoning by-law added several lengthy chapters last Wednesday as Ministry of Housing officials met with council, consultant and citizens at the municipal office. What ensued was close to five hours of discussion covering many aspects of the proposed document.

However, what it all boiled down to in the end was:

- that the ministry will not accept the present documents because of a lack of restrictions covering permanent residential development in certain areas. These objections have been raised even though a previous ministry official felt the document and its supporting material was adequate.

- the proposed zoning by-law, which has been circulated to all ratepayers, may be seriously impaired and its value greatly diminished if major changes are undertaken. That means that money spent on preparing and circulating it was all but wasted

- property owners in the R3 zone who feel secure because all the controversy swirls around R4 and R5 zones will have to reassess their positions. R3 no longer exists - it has been incorporated under the R4 zoning to accommodate another problem regarding frontage. Those who are in an R3 zone would be wise to recheck the by-law sent to your home several months ago...if you can find it.

As the saga grows in length, so does the confusion. What is needed is a detailed assessment of the municipality's options before further commitment to changes. We sympathize with the frustrations being experienced by councillors, municipal employees and citizens who have attempted to come to grips with the new by-law. However, before the municipality plunges deeper into this morass, it should know there is a road out.

Several weeks ago we suggested here that Anson, Hindon and Minden was buck-passing in allowing the Ministry of Housing officials to be the ones to demand restrictions on permanent development on area lakeshores. While the ministry is still acting out the role, it is not, we feel now, with the complicity of the council. As their efforts demonstrated last Wednesday, the council appears to be fighting hard to protect the interests of the lakeshore property owners. We applaud their efforts.

The garden wall

A message for Liberals

- by Bill Scott, M.P. -

A petition was delivered to Prime Minister on October 12th. This petition took the form of news reports announcing the results of three federal by-elections and one provincial election.

Mr. Trudeau, undoubtedly, will shrug off the defeats as typical of by-elections. He would do well to ponder the significance of the results to his party and his leadership.

The federal by-election results in Leeds-Grenville, Broadview-Greenwood and Timiskaming show that in the first two the Liberal candidates may have lost their deposit. In Timiskaming the voters spared Mr. Trudeau's candidate this embarrassment and voted in a new Conservative member.

When given the opportunity to tell the Liberals what they think of their administration, Ontario voters have spoken out loud and clear. Mr. Trudeau must now see the depths to which his party has sunk. In three by-elections that he purposely stayed out of, the Liberals were annihilated. In other words, even without him the party has had the biscuit.

In New Brunswick, the Tory dominance continued. Mr. Hatfield won a majority of seats knocking off many incumbent Liberals in the process. His support base now extends to all sectors of the province. New Brunswick voters decided, in their wisdom, that as the federal Liberals are responsible for the conditions of the economy today there was no way they would give them responsibility for the provincial treasury as well. This must be a demoralizing event for those Liberals that still exist in New Brunswick. Imagine, if you can, a situation in which no matter how hard you work on a Provincial election you cannot expect to win because of the disregard in which your federal party and our Prime Minister is held.

No matter how he shrugs

off these indicators, rumours in Ottawa suggest that action is being taken by the Liberals. Another new economic plan is being considered, supposedly. Also, there are suggestions that the House will not be prorogued when Parliament meets again on October 27, rather the session will be allowed to continue until Christmas. This would avoid the necessity of a budget and more criticism of the government at the same time as their November annual meeting.

Isn't it a pity that it takes by-elections, forced upon the government, to produce any concrete measures to help our economy. We should not be surprised by it as long as Mr. Trudeau is Prime Minister. All decisions will continue to be made on a political rather than economic or humanitarian basis. I and my party accept the responsibility of ensuring that as they rule by the ballot box so shall their rule be ended by the ballot box and as soon as possible.

Conservatives should cut ads

- by John Eakins, M.P.P. -

It's been strongly recommended by Liberal MPP for St. Catharines, James Bradley, that the Provincial Government should set a good example in this period of restraint, by cutting its \$40 million advertising budget by 75%. He pointed out that the government is the sixth largest advertiser in the entire country, and urged that advertising budgets be "cut to the bare bones in non-essentials".

The Treasurer has stated that Ministers have been advised to reduce advertising budgets as part of a \$400 million budgetary cut for this fiscal year, although no

specific advertising budget cuts have been imposed.

Road deaths

According to the Ministry of Transportation and Communications, the death rate on Ontario highways decreased in 1981 to its lowest level in more than a quarter of a century. Also for the first time in that period, the use of provincial highways has declined.

Traffic deaths declined to 1,445 from 1,508 in 1980, and at the same time the number of kilometres travelled dropped from 72.4 billion in that year to 70.9 billion in (more on page 5)

letters

Editor:

The following information is intended to bring your readers up-to-date regarding the five year limestoning project initiated by the Ontario Ministry of Environment.

This project has been sharply condensed into examining the effectiveness of one neutralization method only. A summer program wherein an excess of finely ground limestone is dumped onto the surface of a "dead" lake system, using either barges or aircraft has been started.

It results in a rapid neutralization of the lake system that is effective over a short time period since the particles of rock soon imbed themselves in the soft detritus on the lake bottom and become insoluble.

The method is extremely expensive and the government will undoubtedly reject the extension of this project purely on a cost basis. It is only applicable to dead lakes since the milky limestone/water mix interferes with lake biota in still living systems.

We feel that the Ministry of Environment, in rejecting the more cost effective winter peripheral limestoning method, has done so because of political considerations.

This method presents a long term neutralizing potential; it can be used on living lakes; it is simple to carry out using our large pool of winter unemployed and although it has a slower neutralizing rate once achieved a good Ph balance can be maintained for up to 10 years per application. The main point is that it is very cost effective compared to the summer program. We estimate that it would cost about one third that of the Ministry of Environment program method.

In order to keep this valid and cost effective process before our governments, we are presenting our data to Mr. Robers of the federal Ministry of Environment.

We shall report to your readers, the results of our forthcoming meetings.

Sonya Holliday-Rhodes,
The Haliburton Anti-Pollution Committee

Editor's note: The following is an open letter from the Haliburton Highlands Chamber of Commerce to all community organizations in the county.

The Chamber of Commerce has just developed a sure fire way of making everyone - visitors, residents, and cottagers, - aware of the annual events that are planned each year within our county. In order to make it work we need to compile a list of the events and their respect-

Warden hosts annual dinner

With the usual pomp and casual flare which marks the annual occasion, Haliburton County Warden Ron Gambell was host to the annual Warden's Banquet Saturday evening. The event was held at the Community Centre in Minden.

Politicians from throughout the county were in attendance as well as Wardens from neighbouring counties including Victoria, Hastings and Peterborough. Also on hand to pay tribute to the year's service by the Warden was MP Bill Scott and MPP John Eakins.

In his address to the gathering, Warden Ron Gambell told the audience that while he was a native of Oshawa, he had chosen to live in the Haliburton Highlands: "I was attracted by the lure of the north, the peace and tranquility of the area. Living here has opened a whole new life for me." Then he added in a light hearted vein, "Living here has also given me freedom, independence and poverty."

"I am proud to have been a part of the development and progress which has taken place in the county prior to and during my term as Warden," Gambell said. He noted that one of the main accomplishments of the year is yet to come, the elimination of the provisional status from the county.

Before closing, the Warden thanked all his fellow politicians for their co-

Haliburton County Warden Ron Gambell addresses the Warden's banquet Saturday evening in Minden. The annual event is a tradition in the county marking the end of the incumbent's term as head of the county government. Dysart Reeve Murray Fearrey is seen at the right.

operation during the year.

Dysart Reeve Murray Fearrey, who was the brunt of a few jokes at last year's Warden's banquet got his opportunity to get even with Gambell Saturday night. Fearrey told the audience, "Ron Gambell was elected in Lutterworth, carrying with him all the honesty and dignity of a car salesman." The comment drew an appreciative laugh from the audience. Gambell was

employed as a car salesman in Oshawa and operates a used car dealership in Minden.

In closing Fearrey commented, "This year Haliburton County 'Gambelled' ... and won."

One of the head table guests Saturday was Ted Foster, the provincial civil servant who has been assisting the county in the transition from provisional to full county status. He told the gathering that the minister of Municipal Affairs has only one act to

place before the Ontario Legislature this session, the Haliburton County Act. He said the document had been circulated to all provincial ministries and there had been no negative feedback. He indicated that the act would probably be introduced in the fall session of the legislature.

Following the meal those in attendance were entertained by the music of folk singer David Archibald. Dancing to recorded music rounded out the evening.

John Eakins

(from page 4)

1981. However, the year's fatalities among motorcyclists increased some 16%, from 81 in 1980 to 94 in 1981, the highest figure since 1975, when 97 motorcyclists died. There was an increase of the percentage of fatal automobile accidents involving drinking drivers, to 32% in

1981 from 30.1% the previous year. Statistics show that of all the drivers killed in accidents, 58.7% had been drinking.

According to ministry figures for 1981, passengers and drivers who were not wearing seatbelts are 23 times as likely to be killed in an accident than those who have buckled the belts.

IF WE DON'T CARE WHO WILL??

Gary Kenney - 286-2817

- Come out to the "Candidate's Meeting", Tuesday, October 26, 7:30 p.m., Community Centre.
- Ask why there has been no annual commitment to at least some paving of roads in Bethel, Ingoldsby, Blairhampton, etc.
- Ask why we are misrepresented at County Council.
- Ask why we should pay hundreds, if not thousands of dollars, for a Consultant's recent mistakes on the Rezoning Bylaw.
- Ask why our tax base is eroding and can only lead to increased mill rates for each of us.
- Ask why Council voted salary increases and benefits for themselves and their families without asking us.
- Ask who is supposed to work for whom?
- ASK!

Come On Out.

Test Drive A Council Before You Buy One.

Zoning by-law

(from page 1)

ments could cost up to \$1500.

Councillor Lyle McKnight noted that the municipality had spent a great deal of money to prepare the first document and it would now appear that a large portion of it is useless. He suggested that the consultant, who is working for Proctor and Redfern, should be responsible for a portion of the costs. "We have a document that is no use to us," he commented.

R3 disappears

There was also some question as to whether the amended by-law would have to be recirculated so that all residents in the community would be aware of the changes. In particular, it was learned during the meeting that in order to eliminate a problem regarding frontage, all areas which had been previously zoned R3 were going to be lumped into the R4 zone.

One irate property owner objected strongly to the move. She noted that the change affected a large number of property owners in the municipality and yet no effort was being made to inform them of the change. "There are going to be a great deal of people out there who are hopping mad when they hear

about this," she commented. The ratepayer suggested that it would be necessary for a recirculation to ensure all property owners were informed.

McCorriston noted that in organizing his objections to the by-law, he had informed residents in R3 zones that they had nothing to worry about. "We may have been an innocent party to duping these people into thinking there is nothing to worry about," McCorriston said. He

suggested that recirculation is needed to eliminate the problem.

Before the discussion of the entire by-law came to a close Councillor Lyle McKnight commented, "There is

nothing this area could use more than growth. If we don't have growth, we might as well close the roads at the Victoria County border. Without development, this county is dead. It is time we started treating our cottagers as full citizens."

The matter seemed to be left hanging as the council awaits a report from its consultant and the reaction of various property groups in the municipality.

letters letters

(from page 4)

ive dates for the coming year, 1983, by no later than November 1st, 1982.

The list will be printed on one side of a plastic bag that will be used in stores all over the county throughout the coming year. Over four million bags are expected to be in use each with your events listed, and sooner or later everyone that enters this county will see at least one. There is no better way to let everyone know what you are planning on and there is absolutely no cost to your organization.

The only thing we ask is that you provide us with the information - and we must have it by November 1st to have the bags circulating by the first of the year.

Space is limited so to be sure you're included set your dates and call or write us right now!

Bob Stinson,
Manager.

Editor:

This letter is of concern to all minor hockey players and is with special regards to the

rights and aspirations of hockey players of midget and juvenile age. Minden Minor Hockey Executives' decision made at a meeting on October 4th of this year refusing to grant any further outright releases or releases on minor waivers means that if you have any thought of playing in a higher grade of hockey you won't be allowed to.

The only way round their intolerable decision is for you to refuse to sign an O.M.H.A. card this year. This will make you a free agent for the

following season and you will not need a release from Minden Minor Hockey.

Make your stand now if you are thinking of trying out in a higher category next year and refuse to sign a card this year. If enough of you refuse to sign this year, Minden Minor Hockey will have to reverse the dictatorial and unacceptable decision it has made.

Stand up for your rights and refuse to sign a card this year.

Joe Shapiera,
Minden.

On Lake Of Bays Centre of Dorset

from the chamber

by Bob Stinson

It's a busy time for annual meetings. Last week the Central Ontario Travel Association held their annual meeting in Port Hope and Deputy Minister John Sloan addressed the gathering. He complimented C.O.T.A. on being one of the leaders in the Ministry's Ontario Tourism Association Program, and pointed to the fact that Central Ontario had enjoyed an increase in occupancy this summer while most areas fell behind.

Our new Ministry Consultant for the area, Mike Walker, was also introduced at the meeting and Mike advised those present of his role in their business. It is no coincidence that Mike's background is that of a management consultant because that is a direction that the Ministry is now taking with their people in the field. As much as time will permit, Mike is prepared to sit down one on one with operators of tourism related businesses and assist them with planning good business management and practices. You may make an appointment with him by calling the Peterborough office of the Ministry of Tourism and Recreation at 742-3459.

Make your vote count

Two years ago at election time Chambers of Commerce all over Ontario launched an Election Awareness campaign to encourage residents to not only vote, but be aware of who they were voting for and why. The Ontario Government thought that this was such a good cause that they have now decided to take it up and are spending over 3 million dollars to promote the same message.

It's a rather sad commentary of our society that the money we pay in taxes has to be used to encourage us to exercise our rights responsibly. It should be something we all appreciate to the point that we need no reminders of its importance.

Many Chambers run all-candidates nights in their communities to help create dialogue between candidates and their constituents. Since our Chamber covers what was 9, and is now 10 municipalities, this is just not possible, but we do encourage such activities. Watch for the dates of these meetings in the papers and plan to attend and get to know the people who are asking for your vote. When you are electing them for three years you just can't afford to treat your responsibility lightly. "Your Vote works for you every day."

Tell us about your events

The Chamber has always endeavoured to help publicize local events for the benefit of the community. Finding out about these events is sometimes a real challenge in detective work for the

time for "detective work", so we must rely on your co-operation. Call us today at 286-1760.

Today starts another year

As this is being read by most of you, our annual meeting for 1982 will either be underway or over. As well as providing an interesting and informative day for the members it is also the one day of the year when each and every member has a say in where the Chamber goes from here and who will call the shots. At least half of our Board of Directors will be made up of new faces this year. New Board members mean new ideas - some good, some bad. Whatever the case we do hope you will fully support those that emerge as the decision makers in the coming year on your behalf. We can only assume that those of you that were not present to cast your vote agree with those that did.

kinmount klippings

Intended for October 13 issue.

With the baseball season coming to an end, we are happy to report the good news, of Kinmount Orioles Mixed Lob-Ball team, winning the consolation at the Coboconk finals. Team members are as follows: John Barkwell, Michelle Barkwell, Warren Fountain, Barbie Fountain, Laurie Scott, Guy Scott, Dixie Collins, Margie Brasier, Hugh Magee, Kirk Magee, Murray and Marie Oliver. We congratulate a fine group of athletes.

Kinmount Orioles mens softball team also put up a good fight but lost to Four Mile Lake in the championship two out of three.

The "Merry Widows" of Kinmount held their annual get-together at 3 Brothers Falls and Minden. Ms. E. Meadow reports a jolly good time was had by all.

So happy to see Alice Miles home from the hospital and we wish her a speedy recovery.

Mr. and Mrs. R. Newman were both under the weather this past week and we hope they will be well enough soon, to enjoy their Thanksgiving dinner.

Eureka! Roscoe has been found in Listowel and is now happily rejoined with his loving family.

All the best to Pat and Ambrose Ferren celebrating their 35th wedding anniversary this past week.

The Kinmount Legion held a very successful Thanksgiving dance this past Saturday and everyone enjoyed themselves.

The Joe Cregos enjoyed the company of their daughter Bonnie Mullock and her family this past week, as well as their son Reg visiting from Mississauga for the weekend.

Yours truly also had her daughter, Laura May and her boy friend Tony Jones enjoying a Thanksgiving holiday together with the rest of the family.

senior league

by Bert Harrison

Our son took eight of us to "The Wagon Wheel" for a Thanksgiving dinner, and a delicious meal. We just sat around the Wagon Hub, had a nice visit, and really enjoyed our grub.

Service in the Chapel Sunday night. After we had sang a couple of hymns, and Mrs. Thompson played, Murray Sisson read the lesson, also prayed. Then some nice music and song by Phyllis Sisson. Sorry they hadn't more there to listen. Then Rev. Burgess took his text from Psalm forty. "He took me from the miry clay, and set my feet upon a rock." A very interesting talk.

Monday night, our head cook, Mark Schell, cooked a Thanksgiving dinner that was really swell, and his helpers served it up so fine. We have a lot to be thankful for, at this Thanksgiving time.

Some of the residents had relatives visiting them over Thanksgiving weekend. Mrs. Jenkins had her son and wife, Millie Wood had her daughter, and granddaughter, the Shorters had their granddaughter, Lola Prentice had relatives, so had Mrs. Cox, and Mrs. Oliver, too. Now if I have missed anyone, please don't be feeling blue.

Tuesday morning, Rev. Wicks of Minden Gospel Church conducted the service in the Chapel this October day. Barbara T. came to lead the singing, Mrs. Taylor came to play. Rev. Wicks said while Thanksgiving Day is passed, we have so much to be thankful for each day we live.

Some of our readers who read my little jests think we are poorly treated here at Hyland Crest. Nothing could be farther from the truth, so set your minds at rest. When

we are in the Home or in the bus, we always fare the best.

Doris showed us some fine movies Thursday afternoon. "Come To Norway" "Blue Birds of Happiness" "Fiddle Whimaydiddle and the Ride". I laughed so much I nearly hurt my sides.

To Mr. and Mrs. Les McGuire on their wedding anniversary. Poor Leslie got the shock of his life when he asked Ina Sisson to be his dear wife. She said, "Before I change my name to McGuire, I want to know just what you'll require. And while my name is still Ina Sisson, there's some questions I'll ask, and I want you to listen. If I change my name to Ina McGuire, will you promise me you will light all the fires? Not try to pinch every last penny, help with the babies, if we have any? I also would like to know in advance, if I marry you, who'll wear the pants. Well Leslie thinks if he has to answer to this for me there

won't be much wedded bliss. Well they were married way back in nineteen on an October day when the grass was still green. They have stayed married for sixty-three years. Don't you think they deserve three rousing cheers?

Now, Della Curry tells me by the way, she had her son to dine with her on Thanksgiving Day.

Thursday afternoon the Haliburton Ladies of L.O.B.A. served us a lovely lunch today. We thank them for coming down our way.

To the voters of Anson, Hindon and Minden. On November the eighth, nineteen eighty-two, vote for the candidate of your choice.

We had a different sing song time on Friday afternoon. Grace Coburn came as before to lead in some tunes, and Fred Ballard came to play. It was the McGuire's wedding anniversary day. Grace read some humorous poems and sang about weddings, and such. The bride and groom said they enjoyed it very much. Then the Robertson sisters put on a wedding skit. It was so funny, we nearly had a fit.

A "MEET THE CANDIDATE'S NIGHT" will be held in the Minden Community Centre auditorium on
TUESDAY, OCTOBER 26th, 1982 at 7:30 p.m.

Elinor Burke,
A.M.C.T.,
Clerk-Treasurer

New minister welcomed at local United Churches

The Minden United Church has a new minister.

Reverend Clyde Westhaver came as the result of a call by the local church seeking a replacement for Reverend Douglas Miller who recently retired.

Westhaver arrived in Minden on September 29 and has since been "getting the lay of the land."

Actually, Westhaver has a three point charge. Zion United Church in Carnarvon and Maple Lake are the other parishes for which he is responsible. Carnarvon receives the first Sunday service at 9:30 a.m., Minden follows at 11:00 and the day ends after his Maple Lake call at 2:00.

Other duties include visits and services at Hyland Crest Senior Citizen's Home and teaching religious education at Archie Stouffer Elementary School.

Westhaver has been a minister for 37 years and is

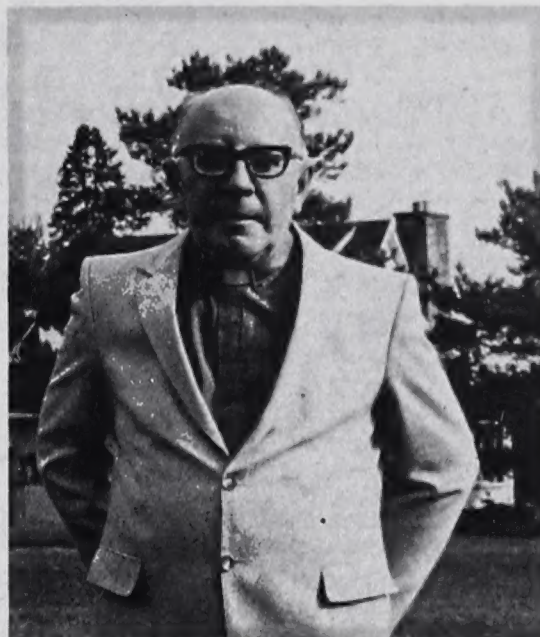

four years away from retirement.

His career started in Lunenburg, Nova Scotia. This small fishing port has a unique heritage. It was settled by Germans and has retained its rustic atmosphere. Lunenburg has become famous for building the Bluenose, the schooner which dominated international sailing for years. The Bluenose is the sailing ship featured on the Canadian ten cent piece.

The United Church's maritime college, Pine Hill Divinity Hall (now the Atlantic School of Theology) accepted Westhaver's application to study. The college is part of Halifax's Dalhousie University.

The minister has served in small towns in Newfoundland, New Brunswick, Quebec and Ontario. Marmora, a town east of Peterborough, was his last charge.

"I do like this kind of setting," he said.

Reverend Westhaver has four daughters throughout Ontario and one son who will be wintering in Minden after

living in Calgary.

Westhaver's service of induction by the Lindsay presbytery is October 20

Eakins pays tribute to John Roberts

Describing him as a man who had 'vision', John Eakins, M.P.P. for Victoria-Haliburton, commented Tuesday that Canada and Ontario had lost a great Canadian following the death of John Roberts.

"Roberts was one of those rare politicians who had the respect of members from both sides of the Legislature," Eakins commented. "I can't recall anyone on the Liberal side who didn't respect the man for his leadership."

Eakins said that the former leader of the Progressive Conservative party and provincial premier for ten years always had a "chairman of the board" aura of leadership about him. "But, it was an attitude that everyone respected."

While Roberts had retired as Premier when Eakins first entered the provincial

Legislature in 1975, he still had contact with the leader. "When I was on the executive of the Mayors and Reeves Association of Ontario, we would often meet the premier at Queen's Park to discuss our concerns. He was a leader in Ontario," Eakins stated.

The MPP, who has also served as Mayor of Lindsay noted that Roberts had invited him and a number of other provincial mayors to Toronto in 1967 to take part in the Confederation of Tomorrow conference. "Roberts will always be remembered for his work in bringing the provinces

together to discuss this vital issue," Eakins added.

"John Roberts was one of the greatest people in Canadian politics," Eakins concluded. "I am saddened by his untimely death."

Fire causes \$20,000 damage

Damage was estimated at between \$15,000 and \$20,000 in a blaze at the Roy Windover home in the Highland Gate Estates early Monday morning.

The blaze caused structural damage in the immediate area of the fire and water damage to other portions of the home.

Firemen were called to the scene at 12:40 Monday morning when Marjorie Windover was awakened to a crackling noise in the ceiling. Ten fire personnel responded within seven minutes to the alarm and began the difficult task of isolating the fire.

According to assistant fire chief Don Booth, the blaze

occurred in the upper portion of the second storey of the home where a newly installed insulated chimney joined the existing chimney. The area had been enclosed causing the fire to be contained for quite some time. Booth estimates the blaze had smouldered for several hours before being noticed.

Firemen were hampered by the inaccessible location of the fire and the construction methods used in the portion of the house which was built close to one hundred years ago.

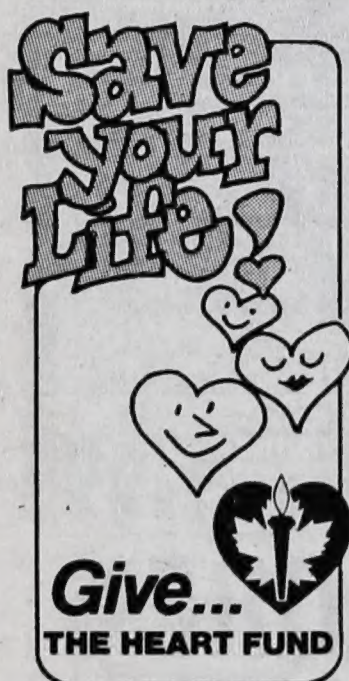

The fire-fighters had the blaze under control in about an hour. It took another three

hours to eliminate all the remaining spot fires.

Booth warned homeowners Tuesday that insulated chimneys can still be heat conductors. They need space to breathe, so that heat does not build up in an enclosed

area. He also noted that combustible material such as wood supports, should not be allowed to come in contact with the outside of an insulated chimney, as such a situation poses a serious fire hazard.

Page 8 THE TIMES

Did you know?

Wednesday, October 20, 1982

Question: My pioneer ancestors immigrated to the Peterborough region from Ireland. I would like to find out more about them. How do you suggest I start?

Answer: A good place to start genealogical research is at the Ontario Archives, 77 Grenville Street, Toronto. The Archives' staff are on duty Monday through Friday, 8:30 a.m. to 5:00 p.m., October through May, 8:15 a.m. to 4:30 p.m., June through September.

A prospective researcher has to fill out an application form for Research Privileges and receives a Registration Card which is valid for one year. Consultation with the Duty Archivist about the research project follows registration.

The Archives has many interesting microfilms such as Census Records, Vital Statistics, Land Records, etc.

1. Census Records:

The Archives has microfilm copies of the decennial census for 1851, 1861, 1871 and 1881. The originals are in the Public Archives of Canada, Ottawa. These contain the nominal or name returns of households and include such information as age, country of birth, religion and occupation of family members. If there is an agricultural census included, this will show the lot and concession the family lived on.

2. Vital Statistics:

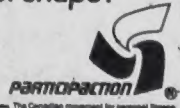

These records include church records, cemetery records, marriage records: registers of district and county, Upper Canada marriage bonds, marriage licences, marriage certificates. They deal mainly with the period prior to 1869, when compulsory registration of births, marriages and deaths came into effect. After 1869, information could be found in the Registrar General's Office.

3. Land Records:

This is probably the largest group of records of interest to the genealogist.

4. If your ancestors came to Peterborough in the year 1820 with Peter Robinson, you will be interested in the Robinson Papers. This collection contains information regarding this Irish immigration to the region. The papers contain ships' lists and location tickets. Some information is also included in the computerized Land Record Index.

If your car's out of shape you get rid of it, right? What if your body's out of shape?

Redmen drop pair of games

Both the junior and senior editions of the HHSS Redmen football teams came out on the short end of the score last week. The teams travelled to Lindsay to play I.E. Weldon Secondary School Friday afternoon.

The seniors were defeated by a 22 - 2 score. The only Haliburton scoring came on a two point safety touch.

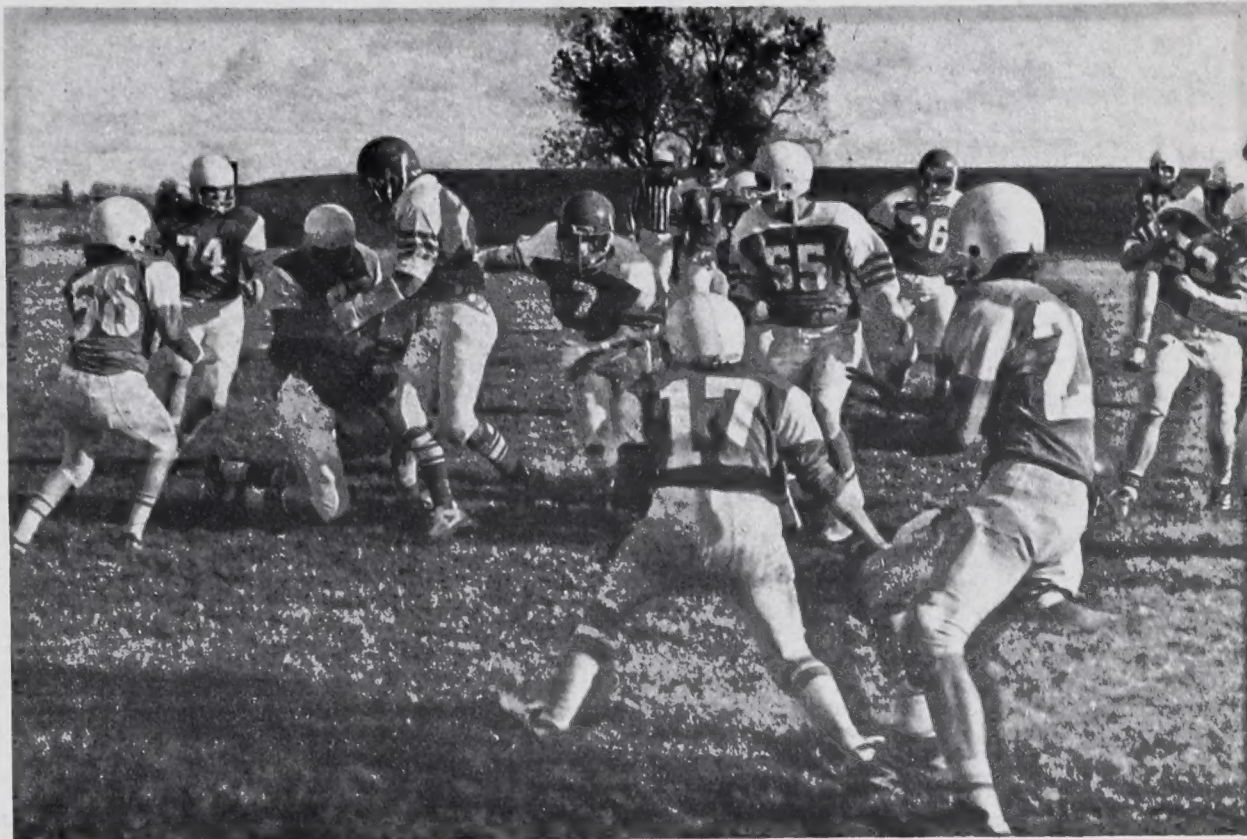

While the loss is disappointing, the team is still in fourth place and assured of a play-off spot. They will meet the first place team, Lindsay Collegiate Institute, in the first round this Thursday. If they win that game they will advance to play the winner of the Brock - I.E. Weldon match. If they should lose, they play the losing team from the other series. This week's game is slated for 1:30 in

Lindsay.

The juniors ended the regular season in third position and now advance to the play-offs against I.E. Weldon.

Friday afternoon they were defeated by Weldon 17 - 7 in Lindsay. The touchdown for the Redmen came in the fourth quarter when quarterback Greg Pearson connected on a 70 yard pass and run play. Don Meharrie grabbed the ball and scored the TD. The conversion was not complete, however earlier in the game Pearson had kicked a single for the Redmen giving them the seven point final total.

The juniors play I.E. Weldon Thursday in Lindsay. The winner of that game will meet the winner of the Brock - Fenelon Falls match-up.

HHSS Redmen Juniors scramble for the ball in a Friday afternoon game in Lindsay. The juniors were defeated by I.E. Weldon Secondary School, 17-7. The team returns to Weldon this Thursday for the first game of the playoffs.

Soccer teams blank Weldon

It was a winning week for both the senior and junior soccer teams at HHSS. Both squads defeated their counterparts from I.E. Weldon by registering shut-outs.

The seniors defeated the visitors Wednesday afternoon by a 2 - 0 margin. Paul Mayo and Brian Morrison were the scorers for the Redmen. Andrew Shapiera played a strong game in nets to ensure the visitors were unable to score.

The juniors romped to a 5 - 0 victory over the visitors led by the three goal effort of Jeff

Howe. Paul Milne connected on two goals to round out the Redmen scoring.

The juniors are now in position to end the regular season with a first place finish. The final standing will be determined today (October 20) when they travel to Fenelon Falls for the last game of the schedule prior to the play-offs.

The seniors will also be playing in Fenelon Falls. If they win they will be assured of a play-off spot. A loss could mean the end of the season for the senior team.

Rockcliffe takes turkey trophy

The Rockcliffe Renegades scored four second-half touchdowns en route to a 35 - 7 romp over a beleaguered and unnamed opposition in the 4th annual Turkey Bowl played Thanksgiving Monday in Minden.

The visitors scored early in the first quarter as Dan "Dropsy" Allison managed to hang onto a 50 yard bomb for the opening major.

Played on a wet field under overcast conditions, both offences sputtered for much of the remaining first half. With over two minutes remaining in the second quarter, the Renegades put together a drive that parlayed into the tying touchdown. Under the able field general, James "The Rifle" Keetch, the home team marched to the opposing one-yard line. However, the ensuing touchdown was called back by an

offside call made by head referee Steven "Bent Tree" Morrin.

Following a rash of desperation penalties by the defenders and five more downs, Keetch found Carl "Golden Hands" Northey open in the flat for the major score.

At the halftime, as the players enjoyed their Gatorade, a bevy of beauties

performed for the throng of spectators in a spectacular half-time extravaganza.

The "Tube Steakettes" displayed great agility and versatility while chanting their imaginative and entertaining cheers.

The second half was all Minden as Keetch and Northey combined for three more aerial touchdowns and Rick "The Bomb" Beene

hauled in a fourth Keetch toss for six points.

Dwight "Rabbit" Thomas ground out extra yards for the Renegades and Keetch and Thomas combined for four defensive interceptions, effectively shutting off the visitors few offensive threats.

The players wish to thank Dave "Dee Dub" Willis for his continuing support of sport in the Minden area.

Members of Home Hardware keep their eye on the pack in front of their netminder during an exhibition game Monday night. The regular season for the Men's Recreational League begins next Monday night. Hartwick defeated Home Hardware 6-5 while Rockcliffe downed Hall's Insurance 10-3 in the warm-up matches.

Man injured as car strikes tree

A Haliburton man was sent to Haliburton Hospital October 14 after receiving minor injuries in an accident near Eagle Lake.

Ernest Soulliere, 20, of R.R. 1 Haliburton was leaving a parking lot when his car, a 1973 Oldsmobile, fishtailed and struck a tree. There was \$3,500 damage to the car. Soulliere was charged with

careless driving.

Investigated by PC Mike Smith.

Tubs stolen

The Minden and District Horticultural Society were the victims of theft reported Friday.

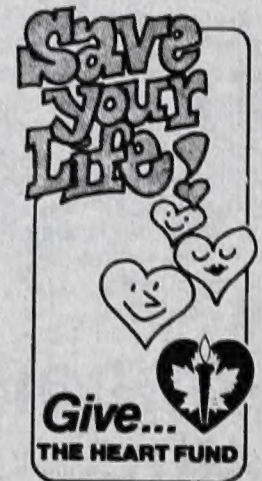

Jean Lacey said that two flower tubs, one in front of the Commerce Bank and the other in front of lawyer Brian Adamson's office had the earth dumped out and the containers removed.

Seniors elect exec.

Minden Senior Curling Club elected club officers at their general meeting Monday evening. The successful meeting enjoyed a large turn out.

The results of the election are: president, Al Stott; vice-president, Hal Burton; secretary, Doris Grant and treasurer, Stan Blears. Past president was Ed Pettinger.

Directors for the club are: Horry Baker, Jim Grant, Pat Clark, Cec Riches, Tom Stinson, Lloyd Boskett and Art Hodginson.

Huskies lose weekend pair

The Haliburton Huskies dropped two games on the weekend, losing Friday evening in Parry Sound by an 11 - 6 margin, and bowing to Huntsville on home ice Sunday afternoon 8 - 3.

The Friday night game opened on an even note as the two teams traded goals. Kevin Warburton scored the first for the Huskies at the 17:09 mark picking up assists from Don Manary and Mike Rae. Parry Sound responded at the 14:46 mark on a power play effort, but the Huskies were able to regain the lead at 8:24. Dave Lennie scored with the assist going to Brent McCowan. Before the period ended, the Parry Sound team was once again able to take advantage of a Haliburton penalty and evened the score.

Jamie Portaran opened the scoring in the second period hitting the mark just 30 seconds into the middle frame. Steve Smith and Dave Mitchell were credited with the assists. Two more goals from Parry Sound gave the hosts the lead for the first time in the game, but Glen Clarke tied the contest at the 15:51 mark. He scored on a pass from Dave Lennie. However, in the latter half of the second period the Parry Sound squad took control of the game scoring four unanswered goals before the buzzer sounded.

The hosts scoring spree extended into the third period as Parry Sound potted another at the 18:07 mark. The Huskies then connected for two quick goals, Don Manary scoring at 16:25 from Dave Lennie and Scott Rae, and Scott Rae scoring at 16:02 from Steve Smith and Jim Lee. The two goals did not give the Huskies the needed momentum to overcome the

hosts. Parry Sound went on to score two more goals before the game ended and the Huskies down 11 - 6.

Duane Lennie was between the pipes for the Huskies for most of the game, with some relief work being provided by Colin Newell in the third period.

Parry Sound picked up 18 minutes in penalties while Haliburton was assessed 22 minutes.

Sunday contest

Mike Rae scored two of Haliburton's three goals Sunday afternoon as they were defeated by Huntsville in a game played at the Haliburton arena. The Huskies scored in each period but were unable to overcome a lead established early in the first by the visitors.

With the Huskies down

three goals, Steve Smith scored at the 16:02 mark of the opening period. Assists on the goal went to Scott Rae and Ed Davis. Huntsville scored again before the period ended.

Mike Rae's first goal came at the 5:11 mark of the second period. It was an unassisted effort. Huntsville managed two more before the second intermission.

In the final period Huntsville scored at the 1:36 mark, Rae scored at 5:22 for Haliburton. Assisting were Kevin Warburton and Dan Robinson. One more goal from the visitors gave Huntsville the 8 - 3 edge.

The Huskies were assessed 24 minutes in penalties, while Huntsville received 32

The Huskies are in action again this Friday evening when they travel to Brace-

bridge for a Friday evening contest. They are back home Saturday evening to face Gravenhurst. Game time is 8 p.m.

Proclamation

W *HEREAS Small Business is important and collectively makes a significant contribution to the economic well being of the _____ County of Haliburton _____; and*

W *HEREAS recognition must be given to the owners and managers of small businesses in the _____ County of Haliburton _____;*

NOW THEREFORE I, _____ N. Ronald Gambell _____, Warden _____, of the _____ Provisional County of Haliburton _____,

DO HEREBY PROCLAIM the week of October 24th to October 30th, 1982 as

"Small Business Week"

VOTE TO ELECT Lyle McKnight REEVE

for the municipality of
Anson, Hindon & Minden

This will be a three year term.
Our municipality needs
Progressive Leadership
at Municipal & County Level.

Plan to attend Candidate's Night
Tuesday, October 26

Community Centre - 7:30 p.m.

McKnight X

Council briefs

Notes from the October 13 meeting of Anson, Hindon and Minden Township Council.

Minden should see the opening of a new store in the community within the next few weeks. Approval for the enterprise was given by the municipal council at the October 13 meeting.

The business, which is to be known as "Kid's Stuff" will be opening in the vacant store on St. Germaine Street, near the Brewer's Retail outlet. The store will feature children's toys, games and other child items.

Approved park

Minden council is attempting to take advantage of a provincial program that may soon be withdrawn by the Ministry of Natural Resources. The municipality has applied to have the Minden Wild Water Preserve declared an approved park. Under the program, improvements to the park would be eligible for special grants.

Some of the work being carried out along the riverbank in Minden is being done under the provincial program.

Clerk-treasurer Elinor Burk told the councillors there was a possibility the approved park program of MNR was about to be phased out. She suggested that the application be submitted anyway, and the municipality's application might still be accepted.

Plans which will be submitted with the application will outline details of the park's development. It was agreed by the council that camping would not be permitted in the area.

Prince paving

Contrary to information which appeared under a photograph in last week's edition of The Times, the paving of Prince Street will not take place this autumn. Road superintendent Earl

Swim program

A letter objecting to the lack of supervision and staff at the Twelve Mile Lake beach during the municipality's summer swimming program was read at the October 13 meeting. The letter, from resident Judy Phillips, said the beach area appeared to be poorly staffed and the supervision was inadequate. The swim program was organized by the municipality this year and 116 youngsters took part.

Councillor Ed Pergolas suggested the council approach Mrs. Phillips about the possibility of her acting as a volunteer supervisor for the program in the coming year.

No lights this year

A request for lights in the Highland Gate Estate has been deferred by Anson, Hindon and Minden council. The letter, from B.J. Adams, a resident of the subdivision, noted that the number of homes in the area has increased during the past year and there are children residing in the area. He suggested the installation of the street lights would increase the safety in the area.

Deputy Reeve Doug Pritchard noted that this year's budget did not contain an allotment for the street lights. The council agreed to defer the matter to next year for consideration.

Appointment

Dr. P.J. Bennett of Minden has been appointed to the municipality's Committee of Adjustment. This committee considers requests for minor changes to the municipal zoning by-law. The appointment expires December 1985.

Care needed when borrowing money

- Ag report -

It is important that any individual knows and understands what is printed or written on a loan agreement before you sign it. This was the key message Lindsay lawyer Alex Mortlock gave to 70 area farmers at the Victoria County Federation of Agriculture meeting.

Mr. Mortlock discussed the various types of loans which farmers usually obtain from different lending agencies, including banks.

Conventional mortgages and collateral mortgages deal with land and the buildings on that land. Chattel mortgages are used to cover loans for a specific piece of equipment.

The fourth type of loan is

given under the provisions of Section 178 of The Bank Act Of Canada. These loans are the operating loans and demand notes with which everyone in business is familiar. One of the key provisions with this type of loan is that when you sign the document, you are signing over title to the property involved, to the lending agency. For farmers, this means they have signed over title to their livestock, crops, feed supplies and equipment.

Mr. Mortlock stressed that you should get someone to explain what is included in a loan document before you sign it. This can be your banker, your lawyer or other

knowledgeable consultant.

Don't expect loan documents to protect you as the borrower - they are designed to protect the lender.

The real villain causing difficulties between people borrowing money and the lending agency, has been the fluctuating interest rate, which fluctuated far higher than anyone expected, concluded Mr. Mortlock.

Carew heads federation

Oscar Carew of R.R. 2, Cameron, was acclaimed as president of the Victoria County Federation of Agriculture at the annual meeting last week. He succeeds Ralph Holder of Cannington who

has served as president for the past several years.

Bob Reeds, Reabro, is the 1st vice president and Mary Wicks of Bobcaygeon is 2nd vice president. The township directors and secretary-treasurer will be elected at a later meeting.

Provincial Directors for the county will continue to be Seldon Parker, of R.R. 1, Oakwood, for West Victoria, and Mary Wicks for East Victoria.

An excellent turn-out of 70 County farmers attended the meeting.

When you vote November 8, you will give your local government candidates a mandate to act on your behalf and spend your tax dollars on services for your community. This is direct election and it concerns you - the voter.

Once your representatives are in municipal office, or on your local school board, they too have the democratic right to vote to make things happen at full council or board meetings or on committees -- to provide recreation programs and school services, arrange for bus service, prepare long-range plans for the municipality's development, schedule the improvement of roads and the removal of snow, and the many other local services.

At the municipal level this "democracy within democracy" reflects a basic management need for the division of labour to deal with the running of the whole community. Budgeting, planning, policy making, representation on local boards and at the county or regional level - all require the work of many hands.

It is an often overlooked fact that a simple, direct vote has this kind of hidden power. It is an extension of your mandate, your right to get things done.

When councillors choose the members of their finance or executive committees, they often do so on the basis of your original vote. The councillor who got the highest direct vote is sometimes appointed to a key position.

In this way, your original vote goes on working for you every day.

Council members are selected by their council colleagues to other positions, based on ability, seniority, or experience. Senior among councillors, reeves have extra responsibilities. As key representatives some reeves sit on commissions dealing with hydro and police. They and others sit on library boards, conservation authorities, health boards and a number of other local bodies. All this because they were chosen to lead by you, the voter, in the first place.

There are other examples of this extended power of the public vote. Most of Ontario's municipalities are part of a two-tier system with villages, towns, boroughs and the like federated into counties and regions and metropolitan areas, to make representation equitable and to handle policies and programs for the wider community.

Not only does your vote affect the type and quality of local services and amenities, visible down the street or across town, it also helps you to get your fair share of roads and hospitals, conservation areas and social services in your county or regional municipality.

"A man's home is his castle," or so he thinks. But if the proposals of a recent discussion paper on the provincial Mining Act are carried through, your rural castle may not be so safe. It is this legislation that controls the activities of one of Canada's largest employers, the mining industry.

Along with some minor tinkering in the Act, the discussion paper recommends two major reforms. First, all rural landowners would be forced to pay an acreage tax on the mineral rights associated with their property. If you refuse to pay this annual rent (on land you thought you already owned), your mineral rights will be forfeited to the Province, who can then rent them to anyone else. Then the second change comes into play. If a mining company has leased your rights, they can notify that they are coming on to your land to explore, and to develop a mine if they choose. You must be compensated for any direct damages, but you will have no right to stop their

outdoors

by Ron Reid - Federation of Ontario Naturalists

activities, no matter how much you want to protect your property.

Little wonder that these proposals have been put forward so quietly. None of Ontario's major conservation groups were sent a copy of the discussion paper, and few people have even been aware of its existence. Forcing landowners to pay a rent on land rights we now take for granted is not likely to be popular. Even so, this scheme is not put forward as a way to raise revenue, but rather to help free up private land for mining development, at the

expense of both landowner rights and the environment.

In my view, it's ironic that the landowner groups who opposed so vociferously land use controls to protect farmland or environmental features have been so silent on this issue. Their concern about loss of property rights should be ten times greater over these proposals. In any case, if you want a copy of the discussion paper to find out what's going on, or to voice your concern, write to the Honourable Alan Pope, Minister of Natural Resources, Queen's Park, Toronto, M7A 1W3.

ELECTORS TOWNSHIP OF LUTTERWORTH NOTICE LIQUOR PLEBISCITE

NOTICE IS HEREBY GIVEN to the municipal electors of the Corporation of the Township of Lutterworth that a vote will be taken, on the day upon which a poll will be held at the next election of members to Council, on a question under the provisions of The Liquor Licence Act, R.S.O. 1980, as amended, and The Municipal Elections Act, R.S.O. 1980, as amended:

"ARE YOU IN FAVOUR OF THE SALE OF SPIRITS, BEER AND WINE UNDER A DINING LOUNGE LICENCE FOR CONSUMPTION ON LICENCED PREMISES WHERE FOOD IS AVAILABLE?"

Clerk-Treasurer,
Township of Lutterworth,
Provisional County of Haliburton.

Love binds over 63 years

Love may be the mystical ingredient that keeps the world going around, but it is also the most important thing in the marriage of Lesley and Ina McGuire.

The couple speak from experience. They have been married 63 years.

The occasion was marked with a special celebration Friday at Hyland Crest where the couple now reside.

Les and Ina were married in her parent's home in West Guilford on October 15, in 1919. Her sister, Mrs. Ida Schell, who was on hand Friday for the celebration, served as the bridesmaid for the ceremony.

The couple lived their entire life in Haliburton County.

Asked what the secret of their marriage was, Ina replied, "We just keep loving one another, no matter what happens." Les nodded his agreement with these sentiments. He added, "We've never had a really bad quarrel in the 63 years we've been married."

Then, with a twinkle in her eye, Ina adds, "I did have to put him in his place once in a while, but after that, everything was quiet."

Many of the residents and auxiliary members of Hyland Crest were on hand for the celebration Friday. Several staff members performed a number of skits to the delight of the audience. Greetings were received from Premier Bill Davis, John Eakins, Bill Scott and area politicians as well as best wishes from friends and relatives.

Ina and Les McGuire with the plaque they received from Premier William Davis.

Susan Lehn and Harry Pye of Minden were wed Friday October 15 at Zion United Church in Carnarvon. Reverend Clyde Westhaver performed the service. The couple are honeymooning in Jamaica.

Forest owners plan meeting

A new organization, representing land owners with forest property in the Haliburton Highlands, will hold its founding meeting next Wednesday at the PineStone Inn. According to an organizer, Dan Buhl of Kennis Lake, the purpose of the organization is to strive for better forest management. The new association would also be concerned with the marketing of forest products, taxation, logging, reforestation and incentives for forest property owners.

Buhl stated in a press release announcing the meeting that the group would work closely with the Ministry of Natural Resources, municipalities and the logging industry in the area. As well, the group hopes to develop new markets for Haliburton trees. In this regard the organization will assist the Haliburton County

Economic Development Commission.

The meeting will be addressed by Buhl who is a private forester, employed by Canadian Haliburton Estates Inc. A legal adviser for the organization, Dave Bishop of Haliburton, has already been appointed.

It is expected that the meeting will elect a president and four directors. Anyone interested in standing for office in the organization is urged to contact Buhl at 754-2941.

The organizer commented, "Quebec, the United States, and Europe have long benefitted from such forest owners associations. Haliburton County, with its 69% of privately owned forest is ready for a similar body."

The meeting will begin at 7:30 p.m. and is open to anyone interested in attending.

SALE BY TENDER

By virtue of default in our loan secured by a realty mortgage the vendor offers for sale, by sealed tender, land and buildings known as the "G. Glass Building" and described as Lot 4, Concession A, Township of Minden in the Provisional County of Haliburton.

The property is located on the Bobcaygeon Road within the Village of Minden, situated between the Library and a local Dentist's office.

The lot is zoned commercial with an approximate frontage of 272 feet and a depth of approximately 175 feet; and serviced by Town Sewers and water.

The frame building with 2" x 6" walls sits on a concrete pad and three rows of blocks. The front portion is partially showroom, little office, and 1 piece washroom. The remaining area is used for supplies and work area. Walls are all insulated and partially covered with drywall. The exterior and roof are corrugated steel. The total building area consists of one section 40' x 26' and one section 36' x 32', with a ceiling height of about 12'. One small section in the rear of the building is being converted into an office space.

Arrangements to inspect the premises can be made by contacting Mr. N. W. Johnson, in Peterborough, Ontario, at the following number (705) 748-3241.

Written tenders are to be addressed to the attention of Mr. N. W. Johnson, P.O. Box 1419, Peterborough, Ontario K9J 7H6, and such tenders will be accepted up until 4:30 p.m. on October 29th, 1982. A certified cheque or similar recompense for 10% of the amount being tendered must be included as a deposit (payee to be designated) and will be returned without interest if the tender is not accepted or forfeited as liquidation damages if the tender is accepted and the sale is not completed by the Purchaser. The highest or any offer shall not necessarily be accepted.

TIMBER SALES

Tenders will be received by the Ministry of Natural Resources up to and including Tuesday, November 9, 1982 at 12:00 noon E.S.T. for the right to cut timber on any or all of eight small individual sale areas located on parts of lot 11, Concession VIII, Somerville Township on the Victoria County Agreement Forest.

The 81 acre total area of the eight sales, contains an estimated 454 cubic metres (16,000 cubic feet) of red pine poles, sawlogs, and/or log building material and 463 cubic metres (16,400 cubic feet) of pulpwood (mainly red and white pine).

Further particulars may be obtained from the District Manager, Ministry of Natural Resources, Minden, Ontario K0M 2K0 (Telephone: 705-286-1521).

The highest or any tender not necessarily accepted.

Recent winners of Wintario tickets at the Thursday Mini Card Games at the Parish Hall were Pearl Cowen, and Jeanne Sears (lone hands on a cut) and this past week for euchre lone hands, Shirley Elcome and high Lloyd Sedgwick and for cribbage Ruth Kellett. These games are played at 1:30 and everyone is welcome.

On the last night of Rotary Bingo congratulations go to Elsie Sedore on winning the Snowball of \$78 and to Linda Hamilton who took the full card in the last game for \$125. There will be a Turkey Bingo later on this year.

Recent guests with the Milton Sears included the Paul Warburtons, Sandra and Rick Moth, Ron Schoffield and Corey Leaman and Karen of Keswick and Jackie Forest, Carol and Reg all of Toronto.

On Thursday, October 14, the members of Lutterworth Estates enjoyed a delicious roast beef dinner at the Wagon Wheel Restaurant. It was attended by 42 residents. There was a short business meeting. President Ann Baker, her usual sparkling self, introduced new residents, gave congratulations to newlyweds Phyllis and Jim Aelick and Tammy and Shane McKelvey. There was an unanimous vote to make Walter Noice a life member of the Association. A presenta-

tion of a gift to the new baby son of Bev and Rick Kinsman who now reside in Minden was given by the Association. Proud grandparents Bill and Lenore Prentice accepted the gift on their behalf. Music for the evening was provided by the Robertson Family. Amusing skits were provided by Doris and Ham Brown. Later, square dancing was enjoyed under the expert direction of Harry Shinton. It was a wonderful evening and was enjoyed by all.

I'm sorry to report the deaths of Jean McKnight, David Hobbs, Mr. Stewart Roberts all of Haliburton, Mrs. May Stevens and Mrs. Myra Mason of Boskung. Our deepest sympathy to all their families.

Still confined to the intensive care unit at Ross Memorial Hospital in Lindsay is Alice Clark of Minden. Our best wishes for a speedy recovery. Also, my father, Walter Noice, is progressing nicely thanks to the care and attention bestowed on him by the staff at Minden Red Cross Hospital.

I hope you will find time to come to the Agnes Jamieson Gallery at the Minden Library Cultural Centre to see my show. Some of the portraits are of Placido Domingo, Zeuben Mehta and Charlton Heston.

Someone called me flamboyant - and perhaps I

am - but there is a reason for my flamboyancy. I stopped painting a long time ago to raise a family - 5 children to be exact - then came a time in my life when I was literally crippled and didn't think I would ever walk again. However, I hobbled to see a motion picture starring Charlton Heston and Sophia Loren called El Cid. The music was composed by Miklos Rozsa who has won many awards for his music.

I had not been to Spain at that time and hadn't visited the counties of Navarre, Toledo, Castile, Aragon and others, but have since been through Spain and love the country and the people. Through Heston's and Rozsa's genius, I became motivated to paint again and I haven't stopped since. The painting Warlord is a tribute to Heston and I never stopped thanking him for being my inspiration. I have been in contact with him and have formed a rapport with his secretary, Cora Sommers.

I hope you will come and see my art. I have many paintings scattered all over Europe, the United States and Canada and I do want to leave something behind for posterity.

I certainly cannot put myself in the category of the great El Cid, Glenn Gould, the magnificent Beethoven, Domingo, Pavarotti or Caruso, but I think everyone who is artistically inclined wants to make a statement. When it comes down to the bare facts - the most important thing in life is ... love. If the countries of the world would only realise this ... it could be indeed, Utopia.

book nook

The following is a selection of books available to you at the Minden Library.

Juvenile Fiction

Title: Lottie and Lisa. Author: Erich Kastner.

In this story, two identical twin girls meet at a holiday camp where they find their divorced parents had each taken one girl to stay with him or her: Lisa with her father and Lottie with her mother. They even change places and this is a real problem for them, and the book tells what happens.

Juvenile Non-Fiction

Title: Wolf Who Had A Wonderful Dream. French Folk Tale. Author: Anne Rockwell.

This wolf woke up very hungry but he couldn't remember what his dream was. His funny adventures are told and the detailed water-colour paintings add to the book.

Adult Fiction

Title: The Fun Of It. Author: John Neufeld.

The Fun Of It is a rarity - a love story that will remind you of favourite books from the past, the type you thought weren't being written anymore: a simple story, old-fashioned and funny, contemporary and wonderfully moving.

Ned Webster is 37, newly on the loose in New York after a ten-year marriage. Torrie Hansen is a 23-year old former flower child, a survivor of Haight-Ashbury. The love that grows between them makes their story one in which what you always wanted to have happen actually does.

rides hell-bend for his happy ending. How he gets there is The Fun Of It - warm, cheerful, believable, satisfying in a way so many many readers will recall from the Good Old Days.

Adult Non-Fiction

Title: Pleasant Shallow Waters. Author: Wm. Sargent.

Pleasant Bay is the largest estuary on Cape Cod and is rich in plant and animal life. Shallow waters is a season-by-season life on this bay. Wm. Sargent with his many photographs and keen observation gives the reader the feeling of being there with him whether it's just walking along the beach or suited up and diving with him in the bay or creeks.

kid's korner

by Jeani Lacey

Hi kids!

Now that we've got Thanksgiving over with, it's how and what are you going to dress up with for Hallowe'en.

You can make masks out of nearly everything, paper bags, cardboard, aluminum foil. But whatever you do, don't use plastic bags around your face.

Q: Why does a bear wear a fur coat?

A: Because he would look ridiculous in a raincoat.

Q: What goes up and down stairs without moving?

A: A carpet.

Q: Why is a clock the dirtiest thing in the house?

A: Because it has hands but doesn't wash its face.

Q: How do you know the difference between a sheep and a goat?

A: By looking at them.

Q: What animal would be likely to eat a relative?

A: An anteater.

Q: What animal has the smallest appetite?

A: A moth. It just eats holes.

Bye for now. Take it easy. God bless till next time.

From the furrow

- by Ernie Hills -

Haliburton County Farmers Association

Amidst a backdrop of brilliant autumn colours and some of the last warm rays of sunshine for the year, the Haliburton County Farmers Association held an infrequent Saturday meeting at the Welch farm, near Haliburton village.

The subject for the meeting was corn management: harvest and storage, which those in attendance found informative and interesting. The use of corn silage is not widespread in Haliburton County, so the meeting presented an opportunity to observe another facet of agricultural potential hereabouts.

Ray Welch, president of the Farmers Association, graciously hosted the meeting, sharing both his time and his technical expertise with those present. Included in the meeting was a demonstration of harvesting in the field, and a demonstration of the exacting methods required for proper storage of corn silage. An error in moisture content, or proper packing to ensure no air pockets remain, could result in costly spoilage.

A success

The past summer's farmers market exceeded all expectations, though with modest beginnings, already the ranks of the County Farmers Association are growing in anticipation of greater participation. Other farmers markets across Southern Ontario have caught the consumers' imaginations and have burgeoned with rural lifestyles and community spirit.

Area farmers are already looking to next year, with an anticipated expanded period of open-air marketing. Already more land is being turned-over to cultivation for next spring of favourite crops; land is being rendered for bake-table pastries; and overall farm operations are being considered for expansion.

Thank you again to all concerned for a momentous beginning.

Tree protection

With the recent advent of 'private property week', and with the county heading into municipal elections, an issue looms of vital importance to area farmers as well as individual property owners. The issue specifically is the "Tree Protection By-law"; as it is proposed in conjunction with the Ministry of Natural Resources land use strategy.

This same by-law has just recently been enacted in Dysart et al.

The original intent of this legislation had a sound basis in providing guidelines to the timber industry in Haliburton County in order to avoid the mayhem which has marred some forest stands where these companies had been granted access. However, in its present form the by-law goes far beyond that original intention and has a sweeping application to anyone who owns more than two acres of land. This is in direct contravention of the democratic principal of the right for an individual to own land and to a self-determination as to the use of such property.

Most recently in the erosion of individual freedoms the Federal Government deliberately overlooked property rights in formulating our new Constitution. Currently we are assailed by hundreds of pieces of provincial legislation which govern the do's and don'ts of private land use. For area farmers the simple routines of land clearance, sugar bush maintenance (or establishment), the cutting of firewood or timber, is to be dictated to us by municipal legislation in conjunction with policy set forth by the Ministry of Natural Resources.

Some responsibility has

been illustrated in the overall land use strategy insofar as agricultural land is concerned. That is to say the Ministry recognizes the importance of agricultural land, as outlined in the Provincial Foodland Guidelines. However, this is not enough, in the face of township and county support for the Tree Protection By-law, and in the absence of an agricultural land use strategy, which should be legislated to guarantee the preservation and establishment of agricultural land, and the integrity of the farmer in managing his land.

Such legislation to supercede all other legislation pertaining to land use.

Beyond the concerns of area farmers, the imposition of government (at all levels) has gone too far and threatens to erode the basic right of self-determination. The fundamental difference in democratic vs. totalitarian systems is the right to obtain, possess, and subsequently make a determination as to the use of 'property'. No government, and certainly no municipal government looking to expand its base of power, has the right to impose its will in that regard, or to invade the privacy of individual landowners in enforcing such nonsense.

Vote in the knowledge that you are protecting your rights and not the rights of the state!

CARD OF THANKS

We would like to thank the residents and the staff of Hyland Crest for making our sixty-third anniversary such a special day. Special thanks to auxiliary for the lovely plant, to Doris and Linda for the fun skits and to Mrs. Coburn for her lovely singing. Also to Bert Harrison for his verses and to everyone for their cards and good wishes. We also enjoyed the anniversary cake.

Ina & Leslie McGuire

I would like to thank my family and many friends, for all their kindness to me during my illness. For flowers, cards, phone calls and visits, also the many acts of kindness shown me by my friends in the Sunrise Apartments. Their kindness will always be remembered. My love and prayers are with you always.

Mary Windover

IN MEMORIAM

In loving memory of Florence May Goodwin who passed away October 28, 1981. Deeply missed by her twin brother David and all her cousins and friends. Gone but not forgotten.

Leigh and Minnie Sisson
